Poſitum à

IACOBO BONNO Ripenſi Dano.

MVSÆ ET MERCVRIVS COLloquuntur.

Mvs. *COElestis ô Caducifer atria*
Aulæ, cothurnis imparibus ſecās,
Quæ cauſſa noſtros te penates
Fecit adire? novi quid adfers?
An obtices? quin voce adamantinas
Citò catenas frange ſilentii,
Tuis daturos pollicemur
Auribus inviolabilem auram.
Mer. *Vos ô Novenæ, Mercurialibus*
Largo ferentes dona ſinu viris
Salvete Muſæ; non inanis
Cauſſa focos penetrare veſtros
Me fecit: Ergo Gorgonei incolæ
Parnaſſidis (complectar ut ardua
Paucis) peroranti benignum
Pandite nunc mihi quæſo aſylon.
Veſtrum ſequentes ordinem ab aurea
Ætate LANGI, *deliciæ meæ,*
Imago quos fumoſa patrum
Nobilitat pietate onuſta,
Mutare cœli temperiem volunt
Vrbes peragrando POMERANNIAE,
PRAETORIUS *fidi ipſe Achatis*
Non negat officium ſubire.
Mvs. *Qualem nepos Atlantidis explicas*
Nobis ſonum? Pallatia LANGIIS
Sunt FRATRIBUS *linquenda noſtra*
Hoſpita docticanæ cohorti.
Iam mole campi grandinis albicant;
Exæſtuant jam littora fluctibus;
Hortante Neptuno tridenti
Cuſpide, qui movet æquor altum.
Recti tenaces propoſiti, quatit Mer.
Non fulminātis dextra Iovis rubens,
Nec Adriæ dux inquieti
Africus, axe ruens ab Auſtri
Sic Mercuri: Pollux Iove ſe ſatum Mvs.
Iactans, & heros Amphytrionius,
Nec non Quirinus, fretus hiſce
Artibus, attigit arcem olympi.
Hoc palliati tegmine LANGII
Quid ocreatis cruribus, Herculis
Prodeſt inacceſſas columnas
Viſere? vel fluvios Charybdis?
Aheneus vobis pietas, ut &
Integritas eſt murus, acinacis
Nihil minæ, Mauri cruentæ
Nil equitis poterunt ſagittæ.
Nunc jugiter quò fata volunt, pedes
Referte fauſto ſydere, patrios
Vos ad lares rurſus reducat
Cuncta Deus moderans, VALETE.
